National plans

FOUR PILLARS OF MMP GOVERNING PHILOSOPHY

THE MACHINE VS THE PERSON

When you vote for a Labor or Liberal MP, you are voting for a machine. Their vote was decided before they walked into the chamber — by factions, donors, and the branch secretary. When

NO DONORS · NO SPIN · NO SECRETS

MMP takes no donations from corporations, unions, or foreign interests. The full platform is published — every policy, every number, every commitment. If a number is wrong, say so. It will

AUSTRALIA FIRST · LONG-TERM THINKING

Every government manages the news cycle. Nobody manages the country. MMP legislates 5-year, 10-year, and 20-year national plans for energy, infrastructure, immigration, water,

THE FOUR PILLARS — IN FULL

VALUES-BASED COALITION

MMP is not a traditional party. It is a voluntary coalition of individuals united by shared values — truth, integrity, transparency, family, community. Appeals to the 95%: Australians from centre, right, and left, tired of being managed, lied to, and taken for granted.

THE FREE CONSCIENCE VOTE

Every MMP representative votes as a genuine conscience vote. No party whips. No binding. No deals behind closed doors. MPs vote according to evidence, constituent input, and the values in this platform. Bills receive genuine time for scrutiny and debate.

A BILL OF RIGHTS

Australia is one of the few democracies without a codified Bill of Rights. MMP will legislate: freedom of speech · freedom of religion · right to privacy · right to a fair trial · freedom from arbitrary detention · access to government information · protection from cruel state treatment.

LONG-TERM NATIONAL PLANNING

Legislated 5-year, 10-year, and 20-year national plans for energy, infrastructure, immigration, water, defence, and the economy. Reviewed publicly every parliamentary term. The SBC is planned to 30-year horizon. The SWF compounds over decades. This is what planning looks like.

THE PEOPLE'S PORTAL

Every commitment a live KPI from Day 1. Every ministerial contract published within 30 days. Every parliamentary vote explained in plain language within 24 hours. Ministerial diaries published weekly. The machinery of government is visible to every Australian.

NO DONORS — EVER

No corporate donations. No union donations. No foreign donations. No donor class. No deals made behind closed doors. The full platform is published — every policy, every number, every cost. If a number is wrong, it will be fixed publicly. This is not rhetoric. It is the structure.

ONE MP — HOW IT STARTS

One MMP MP elected in 2026 changes what is politically possible in 2026. Three MMP-aligned MPs in 2029 changes what any government can ignore. A sustained regional crossbench built on shared values and genuine accountability changes what Australia becomes.

THE REGIONAL MANDATE

Farrer is the electorate Brett Murrell was born to represent. The Murray River. Broken Hill. Bourke. Wilcannia. The inland. The SBC#1 corridor runs through it. The water pipeline serves it. The Farmers First compact protects it. This is not a campaign. It is a cause.

THE MACHINE CANNOT DO THIS

"When you vote for a Labor or Liberal MP, you are voting for a machine. When you vote for Brett Murrell, you are voting for a person — with a platform, a conscience, and a mandate to use both." — MMP Federal Platform

SEPARATION OF CHURCH AND STATE

No religion directs government policy. Government does not direct religious practice. But the moral foundation that runs through every great faith tradition — honesty, fairness, care for the vulnerable, stewardship of the land — is the foundation this platform is built on.

GENUINE TRANSPARENCY

Not a brochure. Not a press release. A complete platform — every policy, every mechanism, every cost, every trade-off. Published before the election. Tracked after it. The standard MMP sets is the standard it holds itself to. Every day. On the portal. In public.

STARTS IN FARRER — AIMS FOR AUSTRALIA

Brett Murrell is not running because of ego. He is running to represent the Australians who expect their leaders to speak for them — and know they are not. He seeks ultimately to become Prime Minister of Australia. He starts in Farrer on 9 May 2026. Every party starts somewhere.

THE OLD WAY vs THE MMP WAY

THE OLD WAY — FAILED

THE MMP WAY

Party whip decides the vote before the MP walks into the chamber.

Every vote a genuine conscience vote — no whips, no binding, no deals

Corporate and union donations fund campaigns and direct policy.

No donations from corporations, unions, or foreign interests — ever

Platform is vague enough to avoid accountability.

Full platform published — every policy, every number, every cost

Promises made before election, forgotten after. No tracking.

People's Portal — every commitment a live KPI, tracked monthly

Government manages the news cycle. Nobody manages the country.

Legislated 5-year, 10-year, 20-year national plans — reviewed publicly

Ministers' diaries unpublished. Contracts secret. Lobbying invisible.

Ministerial diaries weekly · every contract over \$10K published 30 days

Australia has no Bill of Rights. Rights depend on who holds power.

Bill of Rights legislated — 7 fundamental rights, constitutionally protected

Two major parties funded by the same corporate interests — same outcomes.

No donor class. No machine. The representative belongs to the electorate.

Regional Australia treated as resource extraction zone, not community.

Farrer is the starting point. SBC#1 runs through it. The water serves it.

Starts with ideology. Ignores evidence. Manages the damage.

Starts with evidence. Governed by values. Tracked against outcomes.

"When you vote for a Labor or Liberal MP, you are voting for a machine. When you vote for Brett Murrell, you are voting for a person — with a platform, a conscience, and a mandate to use both." — MMP
